

VOL. VIII. NO. 67.

SANTA ANA, CALIFORNIA, TUESDAY EVENING, FEBRUARY 18, 1913.

50 CENTS PER MONTH

DIAZ WINNING CONTROL OF CAPITAL

Says Madero Nears Downfall; No Confirmation of Report of Ad Interim President

CONDITIONS GRAVE IN BATTLE-STRICKEN CITY

Pestilence Feared—Dead Lie Unburied; Food Scarce; Many Refugees at Vera Cruz

WASHINGTON, Feb. 18.—At a late hour today the state department had received no confirmation of the report that President Madero had agreed to the appointment of a presidential ad interim. No dispatches have been received from Ambassador Wilson since noon.

DIAZ GAINING CONTROL—MADERO NEARER DEFEAT

SAYS MINISTER WILSON

WASHINGTON, Feb. 18.—That Col. Felix Diaz is rapidly winning control of Mexico City, and that President Madero's downfall is hourly drawing near, was the gist of an uncensored dispatch received today from Ambassador Wilson. This was the first uncensored news received since last Saturday night. Wilson reports to the state department a continuous conflict through yesterday and last night and that the Diazites are steadily advancing and will soon control all the residential section. The federalists are returning from their exposed positions to the federal palace where the last stand will probably be made. The gravity of the official dispatches contrasted with the censored press telegrams is believed to prove that Madero is trying desperately to conceal the real conditions. The majority of the dispatches have been delayed and it is doubtful just what has happened in the last few hours.

United Press reports from Vera Cruz regarding the influx of refugees is verified by state department messages from the consul of Canada there, declaring that hundreds of people are arriving. He has funds sufficient to feed them for two days only. All tell stories of almost incredible hardships in Mexico City, where the health conditions are almost beyond belief.

PESTILENCE FEARED BY WILSON—AMERICAN RELIEF SOCIETY
WASHINGTON, Feb. 18.—Ambassador Wilson fears a pestilence in Mexico City because of the unburied dead, the destruction of sewers, the failure of the water supply and the shortage of fresh food. The American residents, he reports, have formed a relief society.

THREE COUNTIES TO TALK REFORESTATION

A meeting of the Tri-County Reforestation Committee will be held at Riverside, Thursday, February 20, at 10 o'clock a. m., at the Chamber of Commerce rooms.

This will be an open meeting for the discussion of the Water Commission bill, prepared by the State Conservation Commission, now pending before the legislature of this state. All who are interested are invited to be present and take part in the discussion.

It is likely that Dr. George C. Pardee, chairman of the Conservation Commission, will attend this meeting.

AUTOMATIC PISTOL VICTIM IS FOUND

The sheriff's office today succeeded in locating the man who fell a victim to a stray bullet from the automatic revolver that Floyd Davidson turned loose in Brea last Saturday night along toward the midnight hour. The wounded man is Charles Wolf and he is in the Fullerton hospital. His right leg has a portion of the bone splintered. Davidson is being held in the county jail. Justice Cox will go to the hospital this afternoon to have Wolf swear to a complaint charging Davidson with assault with intent to commit murder.

ANNOUNCEMENT

The Basket Grocery, corner Fifth and Main streets, formerly owned by J. S. Pearson, has been purchased by L. R. May, who will in future conduct the business on the same general lines as heretofore.

It will be the policy of the new proprietor to carry the best of groceries, fruits, vegetables, smoked meats, etc., and to sell at the lowest prices consistent with sound business methods.

We solicit a share of your patronage.

L. R. MAY.

U.S. Sends 2,000 Marines to Cuba; Can Act Quickly

WASHINGTON, Feb. 18.—Although the State Department is admittedly worried over the situation in Manzanillo, Mexico, where anti-American demonstrations have occurred, it was pointed out today that by Sunday two thousand marines, ready for immediate service will have landed at Guantanamo, Cuba. The transports Meade and McClellan will leave Norfolk tomorrow for Cuba carrying marines. The government will maintain its non-intervention policy, but is preparing for action in the event of wanton slaughter of Americans and other foreigners.

Official dispatches here from Vera Cruz say hundreds of American refugees are arriving from the capital and other interior cities. They declare that food supplies in Mexico City are very low, and it is almost impossible to secure fresh food, and that the nation is greatly stirred over the food situation.

Bulletins of News

Hot from the wire up to 3:30 p. m.

THE WEATHER

Fair tonight and Wednesday; light west winds.

French Battleship Gun Explodes and Kills Three

PARIS, Feb. 18.—A cannon on the French battleship Danton exploded off Toulon, killing three persons, according to a dispatch to La Patrie.

Prince Henry of Netherlands Run Down Child With Auto

HEDDERNHEIM, Germany, Feb. 18.—Prince Henry of The Netherlands ran over and seriously injured a 5-year-old child while driving an automobile through the principal street of this town Sunday. He picked the child up and took it to his automobile to the local hospital.

V. P.-Elected Marshall Guest of New Mexico's Governor

SANTA FE, N. M., Feb. 18.—Thomas R. Marshall, Vice President-elect, and Mrs. Marshall were the guests yesterday of Governor McDonald and Mrs. McDonald.

The vice President-elect addressed the state legislature yesterday morning, and in the afternoon was taken for a trip about the city.

Miss Pankhurst Under Arrest for Third Time in Month

LONDON, Feb. 18.—For the third time in this month, Miss Sylvia Pankhurst is under arrest. She was taken by the police while engaged with other suffragettes in window breaking in the East End of London.

CALIFORNIA WILL AID GERMANY IN WAR ON INSECTS

SACRAMENTO, Feb. 18.—California will furnish German agriculturists information on how to gather lady-bugs for a war upon destructive insects. State Horticultural Commissioner Cook has received a request from Berlin authorities asking for information on the lady-bug method of insect extermination, the letters conceding that California leads the world in this work. The Germans will be given the information they seek.

NEW YORK'S SUFFRAGIST ARMY GOES MARCHING ON

CHESTER, Pa., Feb. 18.—Escorted to the outskirts of the town by police and augmented by fourteen local recruits, the suffragist army marching from New York to Washington, D. C., here today with the whistles blowing and thousands of people cheering. They expect to reach Wilmington, Delaware, tonight.

DELICATE QUESTION OF NERVOUS PROSTRATION AND THE DYING PAN

SAN FRANCISCO, Feb. 18.—Whether the fact that a man is suffering from nervous prostration justifies his wife's hurling a frying pan at his head is one of the questions Judge Graham is trying to decide today in the divorce proceedings of Florence Brooks against John Brooks. Mrs. Brooks alleges that her spouse took a shot at her on a dark night on the poorly established theory that she was a burglar. Brooks on his side claims that his nervous condition is due to his wife.

IT WOULD BE SOME BOOK

SACRAMENTO, Feb. 18.—The 28,758,000 pages of legislative matter recently turned out at the state printer, if gathered into one volume, would make a book 2866 feet thick, or almost 17 times as high as the dome of the capitol, according to the assertion today of the state printer. If the linotype slugs that were used were placed end to end they would reach from San Francisco to Sacramento. Over forty tons of linotype metal were used. The 7,734,000 copies of bills ordered printed is more than four times as many copies as ever before ordered by a legislature.

EXPERTS TONIGHT WILL DISCUSS FRUITS TO PRESIDENT PRO TEM

Public Lecture at Spurgeon's Hall on Problems That Confront Growers

FROSTED FRUITS AND HANDLING OF CROPS

Visitors Come Direct From the University of California to Enlighten

The people of Santa Ana are invited to attend a public lecture tonight at Spurgeon's hall, Fourth and Sycamore streets, which will be delivered by fruit experts from the University of California, and will be devoted to a variety of interesting and important questions that arise in the growing of fruits of practically all kinds, but especially citrus fruits in particular. The frost problem and the treatment of damaged fruit will be among the points discussed.

Among the speakers and experts will be Benjamin Lee Wheeler of the University; G. Harold Powell, president of the L. A. C. A.; Doctors Hunt, Wickson, Webber, Clark, Coit, Burd and J. B. Neff. Time will be given to the answering of any questions which may be asked.

County Horticultural Commissioner Roy Bishop has been among the growers in this vicinity and has been urging them to attend the lecture, because he regards the information imparted by these experts as of almost incalculable value to those interested, especially in oranges and lemons. Santa Ana is the last place to be visited by these noted horticulturists, who started out last Thursday to make a general tour of the Southland for the purpose of getting in touch with all fruit growers and imparting information.

They will come to Santa Ana over the Southern Pacific railroad, that corporation having furnished a small special train for their convenience and accommodation. They are due here this evening about 7:30 o'clock. No time will be lost in opening the meeting at Spurgeon's hall, as the special train is scheduled to leave here at 9 p. m.

RUSSIA EQUIPS SERBIA WITH ARMS

Germany Suspicious—Peace of Europe Hazard—Flames in Constantinople

BERLIN, Feb. 18.—Russia recently presented Serbia with arms and equipment for 100,000 men, according to a news agency dispatch received today. It is declared that German diplomats fear that Russia is giving Serbia active backing for a possible clash with Austria. The rumors are causing considerable worry regarding the peace of Europe.

1500 CONSTANTINOPLE BUILDINGS ARE BURNED—FAMOUS MOSQUE MENACED

CONSTANTINOPLE, Feb. 18.—A fire destroying fifteen hundred buildings was controlled today. The famous Mosque of St. Sophia was threatened for several hours. The cause of the fire is unknown.

STANDARD'S AGENT GOES TO PASADENA

W. A. Moore, the well known Santa Ana representative of the Standard Oil Company, has been promoted to the more important post of the company at Pasadena, where he and his family will move in a few days. Mr. Moore resides here at 2015 North Main street. He has a large circle of friends who will regret his departure. Mr. Moore will be succeeded here by the agent at Hemet.

Surprise Your Friends

Foreign Minister Lascurian Makes Announcement of Proposed Plan

FACTIONS WILL SETTLE TROUBLES IN INTERIM

Guns of Diaz and Madero Were Silent Today—Cause Was Not Announced

MEXICO CITY, Feb. 18.—Foreign Minister Lascurian has announced that President Madero has agreed to the appointment of a presidential ad interim, who will take charge of the government until Madero and Diaz and their followers shall settle their difficulties. It is not stated whether the plan will be adopted or not.

Guns Silent Today

MEXICO CITY, Feb. 18.—(Censored)—The guns of both the Madero and Diaz factions were silent for hours after daybreak today. The reason for the inaction is not known, the national palace denying that an armistice existed. It was expected that the battle would be renewed at noon. The combatants this morning occupied the same positions as yesterday.

MEXICO CITY, Feb. 18.—(Censored)—The lull in the conflict continued through the morning, there being no firing to nine o'clock today. The Maderistas today issued a statement that the federals had captured the Y. M. C. A. building yesterday. The report was unconfirmed, but if true it would mean a serious setback to Diaz. Madero refuses to state the reasons for the cessation of hostilities or whether it would be resumed today.

AMBASSADOR WILSON DEFEATS CENSORSHIP; ISSUES PAPER

MEXICO, Feb. 18.—Strict censorship by the Mexican government of outgoing and incoming press dispatches has caused Ambassador Wilson to decide to issue a small daily newspaper here for the benefit of Americans and other foreigners. The government has seized all newspaper plants. Wilson will keep the foreign residents informed of happenings in Washington and here.

SCRAMBLE BETWEEN OROZCO MEN AND FEDERAL TRIO

DOUGLAS, Ariz., Feb. 18.—One Mexican federal captain and two privates were wounded in a battle with three Orozco sympathizers whom they tried to arrest in a saloon. One hundred shots were exchanged when a federal detachment pursued the rebels into the desert. The cavalry is pursuing the Orozcoites.

QUARANTINE FOR TWO CALIFORNIA COUNTIES PLANNED

WASHINGTON, Feb. 18.—To consider the establishment of a quarantine in Riverside and Imperial counties, California, against interstate shipments of date shoots and date plants from the southwestern states, the department of agriculture has ordered a public hearing for November 28th. It is claimed that injurious insects have been transported into these counties with plants.

YOSEMITE LEASE IS BLOCKED IN HOUSE

Frank A. Miller in Gallery of House Saw Bill Knocked Out by One Objector

WASHINGTON, Feb. 18.—Frank A. Miller of Riverside, Cal., and Mrs. Miller sat in the gallery of the house yesterday afternoon and saw the bill granting 20-year leases in the Yosemite valley fall because of one objector. The bill was on the unanimous consent calendar and had already been passed by the senate. It is doubtful if the measure can be gotten to a vote again at this session of congress.

Miller is greatly disappointed as he is anxious to get his Yosemite hotel built in season for the exposition business in 1915.

JILTED POLO PLAYER RETURNS IN GAY SPIRITS TO CORONADO

SAN DIEGO, Feb. 18.—Apparently in high spirits, Capt. J. Campbell Bealey, polo player and former fiancé of Miss Elizabeth Modini Wood, daughter of Mrs. Charles Modini Wood, social leader of Los Angeles, is back in his usual haunts at Coronado following a short absence subsequent to the breaking of his engagement.

Just say we are getting along well," he told a reporter. Bealey's engagement to Miss Wood was broken by the girl's family following the claim of a San Francisco woman that she was Bealey's wife.

NEW SANTA ANA COUNTRY CLUB BEING FORMED WITH 100 ACRES FOR HOMESITE

Silverado Canyon Selected For Comfort Of Members—Golf Links and Homes Among Features Planned

With a contract entered into for the purchase of 100 acres of land located amid ideal scenic surroundings, Santa Ana is to have a new social organization that is now in process of formation. It is to be patterned after the lines of an exclusive country club, with a limited membership. It is said to be practically the result of the dissolution of the Majestic Country Club.

John W. Carlyle is the moving spirit in the new organization. He has entered into a contract with Charles S. Mason for the purchase of 100 acres of land in Silverado Canyon, twenty miles from this city, and thirteen miles east of El Modena, now owned by Mason. The consideration is not stated.

This is to be the site for the club house and possibly for homes of the club members. The land is studded with handsome live oaks, sycamores, and water alders. There is a practically living stream of water running through the land all the year around, and ten live springs.

It is planned to convert the property either into a cluster of country homes, or to have one big club house. Golf links and other improvements will be made. The full membership of the club has not been attained, but enough members have been secured to justify Mr. Carlyle in proceeding with the present plans.

EIGHTY PERCENT OF CITRUS CROP RUINED, SAYS HOPKINS AFTER CANVASS OF SITUATION

LOS ANGELES, Feb. 18.—Eighty per cent of the citrus crop was ruined by the recent freeze, according to the statement issued today by Los Angeles County Assessor Hopkins following a personal examination of the various districts and a study of the reports of experts working under his direction.

Hopkins said the orange loss was probably not so severe as he had expected to find but

that the lemon loss was worse. Many lemon trees are ruined and others will require two to four years before they regain the same bearing ability as prior to the freeze. Comparatively few orange trees were lost.

On March 1st the deputy assessors will begin a reappraisal of the valuation of citrus groves for the new tax assessment. One hundred and forty men will work in Los Angeles County.

POET OF SIERRAS RAILROADS ARE JOINS GREAT MAJORITY NOW READY TO ARBITRATE

Joaquin Miller Mourned by Friends In All Nations of the World

SAN FRANCISCO, Feb. 18.—Yesterday afternoon there died at his home, "The Heights," on the shoulders of the hills back of Fruitvale overlooking Oakland and San Francisco bay, the most picturesque poet in all America, perhaps in all the world—"Joaquin" Miller, the poet of the Sierras.

Like Stevenson he had written the verse that was to claim him and mark his resting place: Be this my home till some fair star stoops earthward and shall beckon me.

For surely God-land lies not far From these Greek heights and this great sea;

My friend, my love, O! trend this way—

Not far along lies Acready.

On his homeland, which he had studded with trees and glorified with flowers and vines, he had built a rock funeral pyre with his own hands and leading up to it had embowered the "sacred lane."

Poet's Last Wish
It was his wish that his body be burned on the pyre and his ashes preserved there. The body will be burned, but not picturesquely on the pyre, but in the crematorium at Mountain View cemetery.

SYMPATHY FROM EVERY NATION IN THE WORLD REACHES POET'S WIFE

OAKLAND, Feb. 18.—(Censored)—Sympathy from every nation in the world are pouring in for the widow of Joaquin Miller, who died late yesterday at Fruitvale. Just before the end the poet turned to his wife and said: "I love you, Abbie, I love you." These were almost his last words. The widow and her daughter Juanita are prostrated.

According to the poet's wish his body will be cremated at 10 o'clock tomorrow. His ashes will be saved for scattering in the Sierras at a later date.

ASSASSINS OF ARAJO ARE SHOT BEFORE THOUSANDS

SAN SALVADOR, Feb. 18.—A platoon of soldiers today shot to death the three assassins of Dr. Manuel Arajo, former president of Salvador. The executions were witnessed by thousands.

Will Submit Differences With Firemen to Erdman Act Mediation

NEW YORK, Feb. 18.—The fifty-four eastern railroads threatened by the proposed firemen's strike have agreed to arbitrate their differences with their employers, under the Erdman act, thus averting an immediate strike.

The roads have issued a manifesto outlining their side of the controversy and reciting their objections to the Erdman act, the principal objection being that "the responsibility which ultimately would rest with the third member of the Erdman arbitration board is too great to impose on one man."

The manifesto insists that the Erdman act does not guard the public interest and warns the public of another prospective demand similar to that of the firemen by conductors and trainmen. Letters setting forth their position were sent by the railroad managers to Judge Knapp of the commerce court and to Acting Labor Commissioner Hauger.

ORANGE SHOW WELL ATTENDED; JUDGING BEGINS

SAN BERNARDINO, Feb. 18.—This is valley and children's day at the National Orange Show. A parade was the feature. Judging of the exhibits began today. An excellent crowd is attending the show.

TO REPRESENT ORANGE

ORANGE, Feb. 18.—Former Iowa residents of this vicinity will attend the annual picnic of the Iowa Association in Los Angeles next Saturday, wearing badges indicating that they are from Orange and are proud of it.

HARRY GIRARD BANKRUPT

LOS ANGELES, Feb. 18.—With the filing in the federal district court yesterday of a petition in voluntary bankruptcy by Harry Girard, actor and music teacher, announcement is made of the closing March 1 of the Los Angeles Musical College with offices in the Majestic Theater building.

Girard was formerly a member of the Bur-ank stock company. His assets are listed at \$51,052, but almost half of these are uncollected. His liabilities are \$25,520.14.

SUPERVISORS HEAR ANGRY CITIZENS

Residents of Northern Part of County Displeased With Road Plans

OBJECT TO GENERAL FUND BEING DRAWN ON

Steps Taken to Get 60-Foot Spans in the Railroad Bridges Over River

In no pleasant frame of mind were about a score of citizens who attended the meeting of the Board of Supervisors at both this morning and afternoon sessions of that county body. They were in attendance for the purpose of registering their emphatic protests over the proposal to improve the county road between Bay City and San Juan Capistrano at the expense of the whole county.

The proposition has been to have this improvement paid for out of the general county fund, but residents of La Habra, Olive, Fullerton, Richfield and other northern sections object basing their objections mainly upon the ground that the northern and other sections of the county should not be compelled to pay for road improvements so far away from them as Bay City. Before the formal protests were filed with the supervisors, the protestants assembled in the corridors of the court house this morning and aired their grievances with no temerity.

The leaders of the protestants are W. T. Brown, George E. Nelson and E. W. Dean, of Fullerton; and Dr. W. H. Wickett and S. W. McCulloch, of Placentia.

No decision in the matter had been reached when the Register went to press this afternoon.

The new form of bond for the highway bond issue of \$1,270,000 was one of the first things to receive attention this morning. The bonds have been bought by the Torrance-Marshall Co., N. W. Halsey & Co., and E. H. Rollins & Sons, all well known buyers of such securities. The new bonds will be printed without delay and it is expected that the county will get the money in about sixty days.

After Railroad Bridges
A committee from the Newbert Protection district appeared and beseeched the supervisors to take immediate action to compel the Southern Pacific and Pacific Electric railroad companies to place 60-foot spans under their bridges across the Santa Ana river. The company was again charged with having promised to do this, but now declines to even consider such a suggestion. Supervisors Struck and Schumacher were named as a committee to confer with the district attorney and see how far the supervisors may go toward compelling both corporations to put in such spans.

Fullerton School Bonds
The Fullerton grammar school bond issue of \$70,000 was ordered offered for sale March 18.

The sum of \$100 was appropriated for the benefit of the Society for the Prevention of Cruelty to Animals.

The hearing of the viewer's report on the petition of Herman Bantek et al in the Orange road district, was set for March 18 at 11 a. m.

The bond of the Birch Oil Company for an oil line franchise was approved.

POINCARÉ NEW PRESIDENT OF FRANCE

Simple Ceremonies Marked His Induction as Head of French Republic

PARIS, Feb. 18.—M. Poincaré was inaugurated president of France today. The ceremonies were simple. Premier Briand accompanied Poincaré in his carriage to the Champs Elysees in the usual procession. A battalion of infantry saluted as the party entered the palace courtyard, the band playing the Marseillaise. The presidential salute of twenty-one guns was fired from the Esplanade des Invalides. Retiring President Fallières welcomed Poincaré in a brief speech. The insignia of the Grand Master of the Legion of Honor was presented, to the new president and the ceremonies were over.

IN THE JUSTICE COURT

PRISON TERM FOR MAN WITH REVOLVER

Justice of Peace Cox Has No Sympathy With Men Who Go Armed

For carrying a big revolver around with him while he said he was engaged in looking for work, a young man giving his name as John Schmidt was this morning sent to the county jail for sixty days by Justice of the Peace Cox.

The prisoner was arrested several days ago while walking along the Santa Fe railroad tracks. When he was accosted by Marshal Jernigan and Officer Murray, he could not give a satisfactory account of himself and the consequence was that he was taken into custody.

The young man's peregrinations in this section were made the subject of close investigation, but no incriminating evidence was found against him, save for his possession of a revolver. As he had been roaming

aimlessly about the country, Justice Cox was not disposed to waste much sympathy upon him, and sent him to jail.

"There is practically no excuse for a man to be walking about with a loaded revolver in his pocket," remarked the judge. "Carrying concealed weapons is bad business. I have no patience whatever with the man who thinks it is necessary for him to go armed in this country. There is no danger hereabouts that calls for a man to be walking about loaded with a revolver. There are exceptions, of course, but as a general rule this carrying of weapons is bad business. It is especially bad when a man is idle and is tramping from place to place. It isn't necessary for a man to pack a gun to go about searching for work, if he is honestly endeavoring to find honest work."

AMUSEMENTS

The "Missouri Girl"
The "Missouri Girl," upon its appearance here next Wednesday night will more than likely draw a large crowd, there is no question but what theatergoers will be kept laughing from the first to the last act. It is one of those plays that enables its audience to forget everything else and abandon itself to thorough enjoyment.

There is some exceptionally good singing and dancing in the second act, and Frank F. Farrell, the droll comedian, is a whole show in himself in his famous comedy character of "Zeke." The balance of the cast are clever.

If you're from Missouri, don't fail to see the show; if you're NOT from Missouri, be SURE to see it, as it is a "Show Me" production.

Progress of Mormonism
The silent drama is taking the place of the spoken drama at the Majestic this week. Instead of a "Blue Bird" or a "Typhoon" there is the photographic record of a reconstruction of the history of the Mormon people.

"One Hundred Years of Mormonism" is the title of this picture, which is surcharged with the dramatic element, showing as it does the tremendous fight against enormous odds of the Mormon people for the right to live according to their own faith.

The picture shows the famous Carthage, Mo., riot in which Joseph Smith, the Mormon prophet, was assassinated while standing at a window in the jail in which he was a prisoner.

Many other stirring incidents are shown and the picture seems to reveal a genuine effort to reconstruct and portray historic scenes with all possible fairness and accuracy.

The pictures have been endorsed by the heads of the Mormon church and are controlled by the Utah Moving Picture Company.

One is assured of a concise history of Mormonism in these pictures and they are worth seeing.—Los Angeles Tribune, Feb. 10, 1913.

AT THE COURTHOUSE

BOY BRINGS SUIT FOR \$25,000 DAMAGES

Considerable Small Business of Routine Nature in All Departments

Judge Unangst, presiding in the superior court, this morning appointed Lizzie Lord guardian for her son, Loren W. Lord, aged 16 years, for the purpose of prosecuting a suit against Frank A. and Anne Blake. It is alleged that the youth had two toes cut off his right foot by the discharge of a gun which had been given him by the Blakes to shoot pigeons on the Blake ranch. Damages in the sum of \$25,000 are asked. George A. Boden and John F. Poole are attorneys for the plaintiff.

Fried Potatoes "Cottolene" style

Did you ever eat French Fried Potatoes made with Cottolene? If not, you've never eaten French Fried Potatoes at their best.

Cottolene makes them rich and crisp and appetizing, but never greasy.

If you have been frying and shortening your food with butter, try Cottolene. It is every bit as good, at less than one-third the price.

If you are using lard for shortening and frying, we would simply suggest that Cottolene is recognized and recommended by leading physicians, domestic science authorities, and culinary experts generally, as being more wholesome, digestible and producing a better food.

Cottolene is a vegetable product—pure in source and making—and is bound to be better and safer than lard.

THE N. K. FAIRBANK COMPANY

leged that the youth had two toes cut off his right foot by the discharge of a gun which had been given him by the Blakes to shoot pigeons on the Blake ranch. Damages in the sum of \$25,000 are asked. George A. Boden and John F. Poole are attorneys for the plaintiff.

Answer Filed
Answer was filed today by Henry D. Tuffree, Carolina B. Pittman and her husband, C. H. Griffin and E. D. Lang to the suit instituted by A. Z. Megeed, E. L. Olmstead and H. R. Klausner, involving oil land lease. Motion to set the case for trial will be made by the defense on February 28.

George E. Robinson of Orange was today appointed a deputy by Sheriff Ruddock.

For Administrator
H. L. Johnston, son of the late Thomas L. Johnston, has filed a petition asking for the appointment of C. S. Bundschuh as administrator of the estate.

Estate Appraised
As appraisers of the estate of Thomas R. Long, a report was filed today by J. G. Quick, F. W. Winslow and Roy Andre placing the value at \$2500, consisting of a note for that amount against Roy L. and Blanche M. Lay.

Seek Change of Venue
Through his attorney, appeal was made today by J. A. Rothwell, defendant in a suit brought by R. L. Reed, asking for a change of venue on the ground that he is a resident of Los Angeles and under the law is entitled to same. The suit involves a land deal.

Committed to Asylum
Miss Carrie Schott, of Anaheim, was committed to the State Hospital at Patton this morning by Judge Unangst. The young woman has for several months shown signs of mental aberration, and these symptoms have become pronounced of late. While in court the young woman was calm and peaceful and apparently took no interest in the proceedings.

Take Prisoner North
Manuel Hernandez, recently convicted upon his plea of guilty to stealing a horse, and sentenced to one year's imprisonment in San Quentin prison, was taken north this afternoon by Special Deputy George Robinson, of Orange, to begin serving his sentence.

Real Estate Involved
Suit was filed today by John Poh, Carrie Ray, Ida Wright and Martha Rogers against Marie L. and John S. Axt to secure an interest in certain real estate left by the late John Poh.

Letters of Administration
Letters of administration were issued this afternoon to Charles H. Jeffrey on the estate of Frances W. Jeffrey.

Marriage Licenses
Francisco Palomino, 22, Long Beach, and Mary Torres, 16, Acacia.
George V. Brown, 23, and Edith G. Osborn, 18, both of Los Angeles.
Theo H. Ekerson, Jr., 23, and Chelene V. Conklin, 23, both of Santa Ana.
Will W. Oliver, 30, Prescott, Ariz., and Rose M. Voeltzel, 26, San Diego.
Gerald F. Muir, 25, Casa Verdugo, and Halcyon Zona Maxson, 21, Glendale.

Santa Ana Painless Dentists, 102 1/2 East Fourth Street, Main 253.

FIND NO TRACE OF MASKED RUFFIANS

No New Developments Today In Mysterious Attack on Mrs. Richart

There were no new developments today in the mysterious attack made Saturday night upon Mrs. C. F. Richart. Sheriff Ruddock is still conducting a vigorous inquiry and is hopeful of sooner or later shedding some light upon the occurrence. While there are scoffers who profess to doubt the woman's story, there are officers who have been making investigations who are satisfied that she has told the truth, and that Mrs. Richart is in reality the victim of some unscrupulous persons who are trying to frighten her into paying them money.

For sometime past Mrs. Richart has been receiving anonymous letters commanding her to leave sums of money, usually \$100 being designated, at some point on her homestead, under penalty of death. Prior to the receipt of these communications, her house had been robbed and a quantity of clothing stolen. She notified the authorities but the only trace of the crime that was found was in the shape of an old coat belonging to Mr. Richart that was found hanging on a tree near Delhi. Then the anonymous letters began to be received. These communications were signed with an imitation hand, drawn in black ink, and labeled "Black Hand."

The Richart's farm is on the Irvine ranch at the southeast corner of the Red Hill road.

LOSES HIS HORSE BUT IT IS FOUND FOR HIM

Will Faber came to town yesterday from his home at Orange, and he left his horse and buggy in front of Lutz Implement company's store and stopped to talk to a friend. The horse tired of waiting for the expected "so long," and walked away to take in the sights. He finally wandered into a livery stable at Fifth and Spurgeon where he was taking life easy when his owner finally went to the city marshal's office to ask for help in locating the animal.

Baldheaded Row
Early Piety Not Always the Cause of Baldness

Inasmuch as it is an accepted fact that baldness, falling hair and dandruff are caused by a germ, doesn't it stand to reason that the only way to prevent such calamities is to kill the germs?
And doesn't it stand to reason that the only way to kill these germs is to use Parisian Sage, which Rowley Drug Co. has so much faith in that it guarantees it to cure dandruff, falling hair and itching scalp in two weeks, or money back?
Parisian Sage is a delightful hair tonic pleasant to use. It is not sticky or greasy, and contains only those ingredients that will surely benefit.
It is now sold by druggists all over America, and by Rowley Drug Co. for 50 cents, a large bottle. It is used extensively by women who desire luxuriant hair with a radiant luster. The girl with the Auburn hair is on every package.—Advertisement.

Get It Done Right
Why? Simply because it pays. Every auto man knows that cheap repairing is the most expensive in the end. Get It Done Right is

The Only Way
also the best and least expensive way in the long run. Our regular customers know that we do repairing right—that is why they come back to us themselves and recommend us to their friends. All work guaranteed.

GOOD ROADS BOND ISSUE IN RIVERSIDE

Corona Interested in Proposal For General Betterment of Highways

Riverside County will vote this fall on an issue of bonds for a system of good roads throughout the entire county. Just what the amount of this issue will be cannot be determined until the county highway commissioners have made their report to the county supervisors.

The commissioners are S. C. Evans, W. B. Clancy and Engineer A. P. Campbell. They will hold a conference with the citizens of Corona and vicinity to get an idea of what is wanted and at the same time to look over such roads as might be suggested for improvement under the system as provided by the proposed bond issue.

The Riverside Press says: The bond issue is certain to go before the people this coming fall at a special election.

This week Supervisors Karl Carlton and J. A. Crane, with W. B. Clancy, S. C. Evans, Engineer A. P. Campbell and C. O. Barker attended the meeting of the Los Angeles chapter of the Ocean to Ocean Highway Association. President George W. Wilder of Redlands was also in attendance. The meeting was called for the purpose of talking over the work to be done in the south and getting a line on finances. Los Angeles will give \$50,000 to the fund. It was reported at the meeting on Thursday that \$36,000 had already been subscribed.

REAL RACING IN AIRSHIP BY MARTIN

Exhibition in His Own Patented Aeroplane Before Starting Tour

PALMER TRACT SCENE OF HIS EXHIBITION

Great Crowd Flocking to See Popular Aviator Doing His Good-bye Stunt

Delighted with the working of his new aeroplane of the biplane type, made from his own model in his Los Angeles airship factory, Aviator Glenn Martin is today devoting his time and attention to the final details for his exhibition here tomorrow afternoon before starting on his tour of Southern California. The new airship was tried out Sunday and yesterday and it worked perfectly. Martin is highly pleased with the machine as it fully meets all his expectations.

The aerial stunts tomorrow will be inaugurated about 3 o'clock, starting in the Palmer tract. The public is requested to enter the field from First street through the new polytechnic high school grounds, so not to become scattered all over the field. Mr. Martin makes this request specially.

This exhibition promises to be one of the most interesting that the darling Santa Ana birdman has ever given. For one thing he will duplicate the sensational performance that won him international fame at both Chicago and Boston. He will show some airship racing that will be startling. "I can get more speed out of an aeroplane near the ground than up in the air," said Glenn. "I hope to be able to show our people some great racing."

Thursday morning he will do a few more stunts in Santa Ana and at 10:30 o'clock start for Pomona where the entire country for miles around are awaiting his appearance in the heavens with almost feverish expectancy. At Pomona he will be given a big box of fruits, cereals, vegetables—in all 32 varieties of products of the soil in that section—which he will carry to Pasadena. It is probable that he will take this box and its contents all over the trip. This box has glass sides so that the contents may be readily seen. Thursday night he will be the guest of honor at a big banquet at Pomona. "The greatest feature of this trip," said the aviator this morning, "is in showing the wonderful possibilities of not only Pomona section but all Southern California. It will be a lesson for the people of other parts of the country regarding the resources of this great southland in all its varying respects."

"And it will do more. The flight will impress upon all other parts of this country and the old world, that Southern California's wonderful and charming climate makes it possible for aviators to fly all the year around."

Great crowds are flocking to the tract to witness the exhibition, and to bid the birdman goodbye and wish him a safe and pleasant journey.

Mr. Martin made two flights in his hydro-aeroplane at Balboa Sunday afternoon, carrying with him on his second trip Mrs. Terry Stephenson, who with her husband and small son had motored down from Santa Ana with the Martins.

"It was the most glorious ride I ever had or ever hope to have," said Mrs. Stephenson. "Frightened? Not for a moment, much to my own surprise and satisfaction. A cow, with a perfectly good reputation for gentleness and sobriety, can at any time by a mere toss of her horns, strike terror to my heart and put wings on my heels. The fear of possible, though improbable burglars, has cost me many an hour's sleep. Therefore, why shouldn't so unusual and thrilling an experience as a sky-ride have its terrors?"

"In the first place, before I fairly realized that I had accepted Mr. Martin's generous invitation I was in the seat beside him, tucking my shoulders under the straps that at first glance look so altogether insufficient. Then we were tearing through the waters of Newport Bay at a speed the swiftest motorboat could never hope to touch, even in its dreams, and in a breath

LEASES ANAHEIM LAND TO MEN SEEKING OIL

ANAHEIM, Feb. 18.—Samuel Kraemer has leased 230 acres of the eastern part of his large ranch northeast of Anaheim to an oil company which will, it is said, commence drilling soon. Three years ago an offer of \$75,000 for 200 acres of this orchard tract was considered, it is stated. Lately Kraemer was asked if he still would consider that figure. He desired a higher price, however.

OPENS UP NOSTRILS, CLEARS HEAD, ENDS COLDS OR CATARRH AT ONCE

Instantly Relieves Swollen, Inflamed Nose, Head, Throat—You Breathe Freely—Dull Headache Goes—Nasty Discharge Stops.

Try "Ely's Cream Balm." Get a small bottle anyway, just to try it—Apply a little in the nostrils and instantly your clogged nose and stopped-up air passages of the head will open; you will breathe freely; dullness and headache disappear. By morning! the catarrh, cold-in-head or catarrhal sore throat will be gone. End such misery now! Get the small bottle of "Ely's Cream Balm" at any drug store. This sweet, fragrant balm dissolves by the heat of the nostrils; penetrates and heals the inflamed, swollen membrane which lines the nose, head and throat; clears the air passages; stops nasty discharges and a feeling of cleansing, soothing relief comes immediately.

Don't lay awake tonight struggling for breath, with head stuffed; nostrils closed, hawking and blowing. Catarrh or a cold, with its running nose, foul mucous dropping into the throat, and raw dryness is distressing but truly needless.

Put your faith—just once—in Ely's Cream Balm and your cold or catarrh will surely disappear.—Rowley Drug Co.—Advertisement.

THE USE OF POLAR EXPEDITIONS

On reading the heroic story of Capt. Scott and companions, the average man denounces Polar exploration as a phase of hysteria. He feels that such travelers should be harmlessly occupied at home collecting sea shells and rock chips.

This may seem practical common sense. Yet let it be remembered that the fisheries of Spitzbergen brought comfort and prosperity to many seafaring towns of England and Holland. The discovery of Hudson's Bay, a perilous enterprise, led to the forming of the prosperous company of that name. The expedition to Ross's land led to the establishment of the Baffin's Bay whaling industry.

Arctic fisheries still enrich Norway. The fossil ivory of Arctic Siberia brings wealth to Russia. These industries could never have existed if early scientists had had the stay-at-home spirit. In his day Columbus was looked at by all sensible people as more or less of a lunatic.

These vast lands of mystery may contain treasures of metals, or of animal life, that may greatly add to the resources of the human race; and it is no doubt fortunate that there are men of a certain type who are willing, from unmercenary motives, to devote their very life blood to the exploration of Nature's darker mysteries.

Scientific discovery has revolutionized human thought. The changed attitude toward human life, God, and the universe, is due to a study of the records left in animal life and remains, and in earth formations. This story will always be incomplete until the great chapters that lie locked in the ice fastnesses of North and South are made manifest.

Polar exploration has been too much a mere sporting competition to reach one given point. The true value comes in filling the gaps in man's knowledge as to the processes of creation and evolution.

WORTH THE PRICE

Reform government is denounced as "extravagant" and "expensive" because some of its departments cost more for doing work than their predecessors did for leading on the job. The present railroad commission, for instance, costs a lot more than its predecessors. Also, a motor truck costs more to run than a wheelbarrow. But it is also a much more economical method of transporting goods.

These remarks are suggested by the fact that among the hearings by the railroad commission, in the immediate future, are ten San Joaquin valley cases. That is more cases, affecting this immediate district, in the next two or three weeks, than were heard by all the previous commissions combined, for thirty years. Is it worth the price?—Fresno Republican.

THE INCOME TAX LAW

The amendment to the Constitution authorizing congress to tax incomes from whatever source derived having been approved by three-fourths of the states is now a part of the Constitution. It is very likely that congress will pass a law taxing all incomes exceeding \$5000 per year. The needs of the country have been growing so rapidly that the revenue to be derived from an income tax is now a necessity and it is thought that probably \$100,000,000 per year will be collected by Uncle Sam from this source.

NOTICE OF SALE OF REAL ESTATE AT PRIVATE SALE

In the Superior Court in and for the County of Los Angeles, State of California. In the Matter of James C. Smith, deceased.

Notice is hereby given that in pursuance of an order of the Superior Court, in and for the County of Los Angeles, State of California, made on the 20th day of December, 1912, in the matter of the estate of James C. Smith, deceased, the undersigned Olive S. Smith, Administratrix of said estate will sell at private sale to the highest bidder for cash, all of the right, title and interest of the estate of James C. Smith, deceased, at the time of his death, right, title and interest that said estate has by operation of law or otherwise since acquired in and to all that certain real estate situated in the County of Orange, State of California, and particularly described as follows, to-wit:

The westerly one-half (1/2) of the easterly twenty (20) acres of the northwest one-quarter (1/4) of the southwest one-quarter (1/4) of Section Seven (7) in Township Four (4) South, Range Ten (10) West of S. B. B. M. excepting a strip of land thirty (30) feet wide along the north side for road purposes.

Said property will be sold in one parcel; bids in writing will be received by the administratrix for said property by said administratrix at the office of William M. Rex, at 415 Seaview Bldg., Sixth and Main streets, City of Los Angeles, in said County and State. Said sale will be made on and after the 6th day of March, 1913, at 10 o'clock in the forenoon, at the office of the administratrix, subject to the confirmation of the court. Terms and conditions of sale cash, lawful money of the United States at 10 per cent. to be paid upon the execution of the bid, balance upon confirmation of the sale.

OLIVE S. SMITH, Administratrix.
WM. M. REX, Attorney for Administratrix.

PENDING COMPENSATION LEGISLATION

How It Will Affect the Interests of Farmers, Farm Owners and Farm Laborers

Contributed by the Industrial Accident Board.

NO. 2

THE PROPOSED STATE COMPENSATION INSURANCE FUND

When the legislature compulsorily transfers from public and private charity, and from injured workmen and their families, to the shoulders of employers, even a portion of the burden of industrial injuries (heretofore the third greatest cause of poverty in the world), these employers have a right to demand of the state and its legislature that opportunity be afforded them to insure against that hazard at what it is reasonably worth to furnish such insurance. It is the purpose of the proposed State Fund to do this.

Of fourteen principal countries of Europe, ten have found it necessary in order to secure justice for employers and employees at the hands of private insurance companies to enter the field with some form of state compensation insurance, and it is in those countries that have not done this that the insurance situation is now least satisfactory. France has found it necessary to do only one per cent of the insuring in order to solve the problem. Italy does one-third of it and, between these extremes of participation, other countries range. It is sufficient to the desired end, insurance at what it is reasonably worth, that the state stands ready to furnish it at what it costs the state. This is the policy which the Industrial Accident Board has recommended to the legislature.

It is proposed that the State Compensation Insurance Fund shall be established and conducted by the Industrial Accident Board acting as a board of directors who shall obtain the services of a thoroughly competent insurance man as manager and such other subordinates as he may need.

The state is asked to appropriate \$100,000 as a reserve to begin business, in order that losses may be paid from the start and a catastrophe hazard be provided against.

The state is asked also to appropriate \$136,840 to cover the office and field expenses of the Fund during the first two years while it is building up a self-sustaining business. Every insurance concern that begins new or enters a new field must expend a large amount of money before it can pay its way out of the premium receipts available for that purpose; but the intent is that the State Compensation Insurance Fund shall finally become neither more nor less than self-sustaining.

It is to be competitive with other insurance companies and associations when once it shall have attained a firm financial standing, which should not take longer than two or four years. This will require that it do eleven or twelve per cent of the compensation insurance business of the state. It will do insuring at what it costs the state to do it, except that a small percentage will be added to the

premium in order to create a large surplus out of which to pay losses should some great calamity, such as the great fire in San Francisco, or the burning of the Triangle Shirt Waist factory in New York a year or two ago, befall those who are insured with the state.

The opportunity of insurance companies to compete with this Fund will lie in their ability to do business at a sufficiently less cost than the state can do it to leave a margin of profit. Such competition is likely to be keen and healthful both to the State Fund and to private enterprise.

Insurance through this fund will be made as accessible as fire insurance now is, and at a premium charge covering one man for one day or any number of days, so that it will be within reach of all.

Any employer who works with his employees may estimate his own wage value, or that of any members of his family who work with him, add the amount to his payroll and insure himself and those of his family who work with him just as his employees are insured, at the same rates and giving them the same benefits, if hurt. Furthermore, any employer who employs only himself may insure himself as though he were a hired hand and, if injured while at work, he will be entitled to the same benefits his employee would have received. Small and self-employed employers need insurance against the risks of industrial accident as certainly, and almost as seriously, as do their employees, and it is right that they should have it if they want it. In Bavaria 75 per cent of the compensation claims paid in agriculture are paid to farm employers or their families.

The insurance rates will be made by a State Rate-Making Bureau described in the previous article. It is anticipated that the rates will be made in a more scientific manner than heretofore, and with the double purpose of making the rates high enough to make the insurance safe and low enough to prevent extortion. Fair dealing toward the injured workmen is to be obtained through requiring every settlement of claims to be approved by the Industrial Accident Board before relieving the employer or his insurance carrier from liability, to the end that it may be made evident that the compensations provided are paid substantially as the law requires.

It is not possible within the limits of these articles to cover every detail, but the Industrial Accident Board feels warranted in declaring that the State Compensation Insurance Fund, if established as requested, will solve the problem of workmen's compensation insurance in this state satisfactorily to employer and employee, however well or ill content the insurance companies may be with it.

AN INVALID'S SABBATH DAY IN SOUTHERN CALIFORNIA

(By Addie Hull Doers)

January, 1913, will long be remembered by Southern California people. We will be talking many years from now about the time Jack Frost toured Southern California, and "we taught him that he couldn't even scare us, let alone hurt us. The spirit here shown is "never say die, but steer right onward."

The second day of February, 1913, will stand out like a boulder in my life. And "who are you?" I think I hear some one say. Well, I am a native daughter of sunny Southern California. Also I am an invalid, for nearly two years I have not taken one step alone, and the doctors have named it locomotor ataxia. So, you can understand why I was so happy to receive an invitation to take a ride on that beautiful Sabbath day. Making my joy complete, was the fact that the invitation came from the man who asked for and has received the privilege of "carrying me around in his arms."

How did my John know that I wanted to go up to Lemon Heights, one of the show places of Orange county? Out through Tustin, a beautiful little suburb, of which any city might well be proud, on Newport Road up into

the foothills, where a few short years ago we saw only cactus, sage and mustard. Now the low foothills are beautiful with young lemon and orange groves and lovely flowers. On that day, just a few weeks since Jack Frost's Southern California tour, out at Lemon Heights we saw calla lilies blooming and the young groves looking so healthy and happy. Around the Waffle ranch the geranium hedge was a grand sight. Not a geranium showing a trace of Jack Frost's visit. Really, Jack Frost, you have made us stronger. You have made us a moment and realize that California is one second; Heaven is, always was and always will be first.

As we wound up into the foothills, and saw the view and smelled the air, the balmy air I ever breathed, my boy Tommy remarked: "I wish we had Della Phillips or Genevieve Far-nell-Bond along to write up our ride." Up spoke the other boy of mine, Stanislas, the boy named by the late Madame Modjeska. Turning his big brown eyes full upon me, he said, in that tone, so compelling at 7 years of age, that I often wonder what he won't make people do when he is grown: "Mamma, you can write it up all

Join the Happy Alfalfa Growers

Where the Opportunity is Right

We are offering the best alfalfa proposition in Southern California, in the fertile acres of our Willow Plume Subdivision in the BEAUTIFUL SAN JACINTO AND HEMET VALLEY. There lands are level as a floor, streets and pine lines all in, ready for seeding, for only \$250.00 to \$275.00 per acre, including full water right.

Aside from being one of the most attractive home places, this is quite an attractive business proposition. These water rights which go with each acre have a valuation in the market of \$200.00, and will advance in price as the demand increases, giving you the advantage of two investments at the price of one. The wealthiest men in the country are investing in this valley, because of its unlimited possibilities, and beautiful surroundings. Nat Goodwin at the present time is putting in five hundred acres to apricot and peach trees, to add to his thousand-acre alfalfa ranch.

We are offering you the best land in

the country with water; LAND THAT LIES WITHIN TEN MINUTES' RIDE OF TWO OF THE BUSIEST LITTLE CITIES IN THIS SECTION OF THE COUNTRY, SAN JACINTO AND HEMET. Within easy access to Los Angeles and San Diego, the two best markets in Southern California. A MOST DESIRABLE CLIMATE, BEST SOIL, AND THE WATER QUESTION SOLVED. YOU HAVE THE BEST AND CHEAPEST GENERAL RANCHING PROPOSITION IN THIS STATE.

Already we have sold over half of this tract, and it will be only a question of a short time until it is all gone. You must come and see it. Only three hours from Los Angeles by auto or Santa Fe; fine boulevard all the way. We have autos at our office in San Jacinto to show you over the valley. Call or write, San Jacinto Land Company, San Jacinto, or room 625-6 Story Bldg., Sixth and Broadway, Los Angeles. Phone Main 9451.

W. A. Huff

right!" "Oh," I said, and sort of shuddered, "Me, me! It is too big for me!" Then I saw my John's eyes upon me. There was the same intense, compelling look in his eyes, only there was a little more hope and sunshine in the violet color of my man's eyes than in the brown of my boy's eyes. But for those eyes, I never would have had the audacity to try to put into words the glory of that ride through the foothills.

All our hearts were keeping time to "Glory to God in the Highest!"

I remembered an old man, who had traveled all over the world, and came to California in 1875, seeking a place to end his days in peace and joy. I came to California in 1875, also, but I came "out of the everywhere into the here," and I had come to begin my days in peace and joy. That old man was a favorite playmate of my tiny daughter to inspire me. Perhaps, I may be the means of one old grandma or grandpa being brought to Southern California, the paradise for the old folks to end their days in peace and love. Then, I shall not have written in vain.

So, on we went, all happy and all hungry. Such air makes one think of Heaven, and it also makes us think of the dinner in the fireless cooker at home. All of a sudden we came broadside onto Canyon road, leading up to Orange County Park. Here is where El Modena, the Pasadena of Orange county runs into the foothills, and here Jack Frost had been fooled; he did not get their oranges. Such beautiful orange groves, full of luscious golden oranges, and I had almost expected to see blasted oranges and hopes. I had hoped, but hardly dared to expect that Jack Frost had been so merciful. Hereafter, I shall expect what I hope for. Here the boys began counting over the friends in El Modena, who might have dinner about ready. However, we forged right on ahead, and soon came to Orange, the always beautiful. Our hearts were still singing, and we were all hungrier, so we went home and ate our good dinner.

After having some lovely music on the Victrola, we called our grand, glorious day ended. But, really, it can never end for me, for I have received a valuable life-long possession. I became possessor of the fact that God lives. I know now that such things as sickness, crop failures and unpleasant weather are not essential. God lives! We won't forget Him, but will draw nearer to Him, and thank Him for the glories of our sunny Southern California. Here it is easy to keep on the sunny side, and let all care pass us by. Here we make step by step, instead of stumbling blocks out of all that comes in our way.

If I have to be an invalid, please let me live right here, where I "got borned at," as a little girl once said, and please let me have many more delightful rides.

NEW COAT AND SUIT STORE OPENS TOMORROW

A new coat and suit store to be known as the Smart Shop will open its doors to the public tomorrow, at 406 North Sycamore street, one of the new business rooms in the Rossmore Hotel building.

The Smart Shop is a branch store of the Berlin Sample Garment Shop of Los Angeles and has taken a three years' lease on the store which has been fitted up very attractively with show windows, ward cases, coat and suit racks and other conveniences for displaying their goods. They will carry a complete line of ladies' coats, suits, and announce a special opening sale beginning with tomorrow.

J. Schenkein, manager of the Smart Shop, has rented a bungalow at 619 Hickey street and will move his family here this week. Mrs. Culver, who will be his assistant, is already known to many Santa Ana ladies, having formerly had charge of the Suit Emporium at 408 North Main street.

NEW DEPUTY SHERIFF
Sheriff Ruddock has appointed J. J. Travis of Orange a deputy sheriff.

SENATOR ANDERSON HAS COMPLETE FILE LEGISLATIVE BILLS

Editor "Register," Santa Ana, Calif.
Dear Sir:—I have just received the complete filings of the legislature, including Assembly and Senate bills and constitutional amendments, and as they have not yet been received by any of the institutions or parties entitled to them, I thought well of advising that they were in my office and that anyone wishing to look up any of the bills may feel free to do so. I will state further that I will be glad to consider any bills with any organizations or persons at any time to the end that I may better represent the sentiment of the people of my district. There will likely be some bills wherein my convictions might not be in harmony with the general sentiment of the people, and where such condition may arise I would prefer voting to meet such sentiment. Sincerely yours,
JOHN N. ANDERSON.

TRAMP STEALS HOSE: TOOK GARDEN WALK

Some unknown person, believed to be a tramp, visited the home of Mrs. J. W. McCullough, at Tustin, sometime last night and departed with about fifty feet of red garden hose of the half-inch size. Foot marks would indicate that when the fellow departed he took the garden walk.

FEEL BULLY? TAKE CASCARETS TONIGHT

Gently Cleanse Your Liver and Sluggish Bowels While You Sleep

Sick headache, biliousness, dizziness, coated tongue, foul taste and foul breath—always trace them to torpid liver, delayed fermenting food in the bowels or sour, gassy stomach. Poisonous matter clogged in the intestines, instead of being cast out of the system is re-absorbed into the blood. When this poison reaches the delicate brain tissue it causes congestion and that dull, throbbing, sickening headache.

Salts, cathartic pills, oil and purgative attempt forced a pasageway for a day or two—yes—but they don't take the poisons out and have no effect upon the liver or stomach.

Cascarets immediately cleanse and regulate the stomach, remove the sour, undigested and fermenting food and foul gases, take the excess bile from the liver and carry out of the system all the constipated waste matter and poisons in the bowels.

A Cascaret tonight will surely straighten you out by morning. They work while you sleep—a 10-cent box from your druggist means your head clear, stomach sweet and your liver and bowels clean and regular for months.

MANGUM IS HEAD OF FOREST SOIL CLASSIFICATION

A. W. Mangum, of the Bureau of Soils of the United States Department of Agriculture, has been detailed in charge of the soil classification work now being carried on by the Forest Service in Southern California. Mr. Mangum, who has held the rank of expert with the Bureau of Soils for a number of years, was engaged in co-operation with the state of Washington in classifying the soils of cutover timber lands for over three years; recently he has been associated with the forest service in land classification in Idaho.

The forest service is working out a general classification of all lands in the national forests to determine finally which are chiefly valuable for agriculture. When the work on each project is complete these will be opened to settlement and entry under the homestead laws. Heretofore, thousands of acres have been opened to entry upon individual applications, in tracts of 160 acres or less, but this method was too expensive for the government and too slow for the settlers. Congress was therefore asked to make a special appropriation and authorize the Secretary of Agriculture to undertake this work on a larger scale.

At the present time there are two parties engaged in this work on the Angeles and Santa Barbara National forests. It is expected that both projects will be completed by July 1.

New Gas Line to Garden Grove Is to Cost \$10,000

Something like \$10,000 is to be expended by the Southern Counties Gas Company, according to advices received by District Manager R. Cavenagh of Santa Ana.

The mains, which will be of the best castiron pipe and of the most approved pattern, are being made at Youngstown, O., and are due here in about five weeks.

The main will extend from the Santa Ana main at a point on the new poor farm on the Anaheim road, and extend eastward three miles and then south about one mile to Garden Grove.

Laterals will be run off at that place to accommodate all consumers.

WRECKED AIRSHIP IS BROUGHT HERE

The wrecked monoplane in which Aviator Bonney met with mishap last Sunday at Laguna Beach, was in Santa Ana for a short time today en route to Dominguez field. The machine had been badly damaged. The Santa Ana Transfer Company had the contract to land the outfit at the aviation field.

NEGRO CHARGED WITH ATTEMPT TO POISON GIRL

Sam Nuttles, a negro resident of Fullerton, was brought to the county jail this afternoon, where he is held awaiting examination on February 25, on the charge of attempting to poison his stepdaughter, Tansie Bell Nuttles.

It is charged that the accused man placed sulphuric acid in the girl's food, in her clothing and in her shoes. The acid ruined her clothes.

The girl did not partake of the poison, it is said, as she detected the unusual taste immediately and became suspicious.

The authorities were notified and the investigation resulted in Nuttles' arrest. He refuses to make any statement.

MEET AFTER SEPARATION OF 35 YEARS

When the 11 a.m. car from Los Angeles Sunday morning, stopped at Fourth and Main streets, James and Henry Greaves stepped off, and Henry said to R. S. Sumner, who was waiting for them:

"Well, which is which?"

The men knew each other instantly, though about thirty-five years have passed since they were last together.

The three men were all farm boys and attended school at the old-time log school house when less than twelve years old. Later all were students at Hamlin University at Red Wing, Minnesota.

These two farm boys are splendid gentlemen. James is president of a telephone company at Glencoe, Minn., and Henry is business manager of a similar company in North Dakota. They are delighted with Southern California, and expect to return next winter and may become permanent residents.

—Mix-Feed is a combination chicken and stock feed, containing nourishing feed that goes one-third farther than rolled barley. \$1.40 per 80-pound sack. Sold by all reputable dealers. Olive Mills.

FRESNO DELIGHTED WITH "MARIETTA"

CONTRIBUTIONS TO COUNTY EXHIBIT

Contributions that bear testimony to the wonderful possibilities of Orange County soil, were made today to the Chamber of Commerce exhibit rooms by J. P. Hight, who resides at Seventeenth street and Newport road, Tustin; and J. H. Walker of 514 East Second street. Mr. Hight's presents consisted of fifteen large Eureka lemons on a plate, and Mr. Walker donated a 27-pound stock beet.

HEALTH AND WEALTH

Fruit and Dairy Lands Bring Them

Nowhere on the coast can be found a location combining more favorable features as a farming country than Owens River Valley. Only 250 miles from the city of Los Angeles, in the favored southwest corner of the country, a climate at once warm and dry, with just enough bracing weather during the year to benefit physical health as well as the various fruits and crops; protected by mountains from hot, dry winds that prevail in other locations; free from pests and blight.

Many land-seekers, both here and in the East, are making plans to settle in Owens Valley and engage in apple growing and alfalfa raising. The peculiar climatic conditions of the valley make it ideal for these industries. The perfect fruit produced here has attracted the notice of thousands of inquirers anxious to locate in such a favored region.

While apples and pears are the best paying crop here, the land can be put to other uses, such as alfalfa growing, poultry and hog raising and the production of honey.

Owens Valley land can be purchased at a remarkably low price and on easy terms. The Owens Valley Improvement Company owns two large tracts of land there, adjoining Independence, the county seat of Inyo county, and Manzanar, five miles under an excellent irrigation system, and water rights are sold with the land.

C. R. Thomas & Son, 229 Title Insurance Bldg., Los Angeles, are the selling agents, and will furnish any information to those interested.

BUNGALOW FLOOR PLAN FOLDER FREE

Call at "Home Builders" Office, 116 East Fourth Street and Get One of These Folders, Showing 50 Bungalow Floor Arrangements

You may secure one of these folders showing fifty floor arrangements during the next ten days or two weeks by calling at the local office of the company, which is located at 116 East Fourth street.

These plans are taken from the working blue-prints as made by "Home Builders" architects, and while they are necessarily small prints, yet they show clearly the many arrangements possible in moderate priced bungalows. The folders of convenient form and may be had free. Call or write for one.

The company has recently issued its financial statement for the quarter just closed, and the stockholders have reason for congratulation. More than \$70,000.00 was added to the surplus the last three months, besides the distribution of a dividend which amounted to almost half that sum.

There are many stockholders residing in and around Santa Ana and these people will again soon receive their quarterly dividend checks. If you are not interested in the floor plans you should get acquainted with the company, and now would be a good time to learn more about it.

No Need to Stop Work

When the doctor orders you to stop work it staggers you. I can't, you say. You know you are weak, run down and falling in health day by day, but you must work as long as you can stand. WARRANTS ISSUED FOR TWO MEN AT NEWPORT BEACH

Undersheriff Law left about 3 o'clock this afternoon for Newport Beach to arrest C. L. L. Ghrist and his grown son, on the charge of assault and battery preferred by W. T. O'Howell, also a resident of the beach town.

Back of the complaint is a civil action at law. Some time ago the Continental Bedding Company brought suit against the Ghristes for \$250. Undersheriff Law placed O'Howell in charge of some Ghrist property and among other things instructed the latter to place a lock upon a distillate engine at the first opportunity. O'Howell got his chance Friday last but he was caught in the act by young Ghrist, who it is said, immediately jumped on him. The warrant today is the next chapter in the affair.

SANTA ANA, CALIFORNIA, TUESDAY EVENING, FEBRUARY 18, 1913.

CITY TRUSTEES CONSIDER VARIOUS IMPROVEMENTS— PACIFIC ELECTRIC SCORED

Lively Session of the City Fathers and Number of Important Matters Given At- tention at Last Night's Meeting

Proposed improvements in different parts of the city occupied the major portion of the city trustees' meeting last night, with an interval during which the Pacific Electric Railway Company came in for a lively run of scathing criticism. All the trustees were present and about fifty property owners were in attendance. About the last thing considered was the south side sewer project which will be delayed about two months because of errors in the original proceedings. New plans and specifications were adopted and a resolution of intention to do the work was read and adopted. The trustees adjourned to meet again next Monday night, when the outfall sewer ordinance will be read again so as to hurry the work ahead as fast as possible.

In response to the invitation sent out several weeks ago by City Clerk Burke, at the direction of the trustees, the meeting was attended by representatives of the corporations interested in the proposed joint use of poles on the city streets. These corporations are the Pacific Electric Railway Company, Edison Electric Company, Western Union and Postal Telegraph companies, and the Pacific States and Home Telephone companies. Secretary McDonald, of this combination, was also in attendance. J. E. McDonald was the first speaker on the subject and he said the same plan followed in Los Angeles is working satisfactorily in San Diego. He said the four companies not including the Home and telephone companies, are prepared to do whatever the trustees wish. He had not talked with these three but felt all would probably get together on almost any plan. He said that on several streets there is now joint use of poles.

Want Less Poles
The trustees complained of the number of poles on certain streets, especially at Fourth and Main. McDonald cited a number of points where the different companies have

joint service. In reply to inquiry, he said there is no objection whatever to the Home company joining in the combination for joint use. McDonald thought the streets could be well cleaned up.

Trustee Alderman said that in the near future the trustees intend to ask these companies to place conduits in the business section of the city for joint use.

Mr. McDonald wanted to know if the trustees wouldn't prefer to have \$5000 in having a satisfactory pole service rather than \$20,000 in a conduit service that will mean the tearing up of the streets.

"We would like to have both," remarked Mr. Alderman.

McDonald said that about twenty more poles on Fourth street will be taken down shortly. He said it would be best for the companies to select the highest poles and take out the others, replacing some of the latter with joint poles as necessary.

"We can promise you absolutely for the Edison, Pacific Electric and Pacific Telephone companies that within a year we can clean up Fourth and Main streets," said McDonald.

This would mean leaving poles on only one side of the street.

Mr. Lewis of the Postal Telegraph said that company expects to run in a new line on Second street this summer and it could be arranged to use that for all service on that street. This was readily accepted by McDonald. The Western Union has only one line of poles and these are on Third street.

At the suggestion of Trustee McPhee, President Ey was authorized to name a committee to investigate pole line conditions outside of Main and Fourth streets throughout the city. He appointed McPhee and Grubb and Engineer Finley.

Bell Theater Trouble
Dr. Roberts, owner of the Bell Theater, addressed the trustees relative to the condition of that amusement place, and submitted an outline of what alterations he could make

to meet the safety requirements asked for. He said he proposes to fix the front of the theater so as to have an 18-foot exit and will also fix the rear doors so that they will swing outward. This plan was accepted by votes of Messrs. Alderman and Grubb, Mr. Greenleaf voting no.

The city attorney was directed to notify the Mirror Theater people that they must have the rear doors fixed at once so they will open outward, else the place will be closed.

Roast for P. E.

W. O. Hill, tax and claim agent of the Pacific Electric railway appeared before the trustees to explain the company's application for permission to place a spur track on Main street at Santa Clara to connect with the Southern Pacific tracks. Mr. Hill was somewhat lazy in his answers to questions as to just what is intended if a franchise is granted, saying the company would certainly exchange any freight or passenger service it might get from the S. P.

Trustee Grubb was persistent in an endeavor to ascertain if the P. E. is only planning to get the switch so that it may be able to haul S. P. freight through Main street. He insisted that the Main street residents don't want to be subjected to such an annoyance any more than any other sections of the city do.

Mr. Grubb outlined at least two plans whereby the P. E. can handle freight without running right through the heart of Santa Ana, and urged that some such plan be followed. He specified how the company can be extending its line less than 2000 feet up by the Brown and Medlock places, connect with the present Southern Pacific line to West Orange, and thus not find it necessary to ship freight through Santa Ana at all. He was emphatic in his objection to permitting Main street to be turned into a freight line.

S. J. Jackman said that every property owner with one exception on Main street north of Buffalo street, protests against permitting the hauling of freight over that street that originates on steam railroads.

Scores Pacific Electric
Trustee McPhee also spoke vigorously against granting the privilege sought, and charged the P. E. with making promises that have never been kept, including the promised double-track line between here and Los Angeles. He declared he would work against granting the company any privileges until it keeps at least some of the many promises made.

"I am in favor of even trying to force the company to keep some of these promises," said Mr. McPhee. He criticized the service and the condition of the streets due to the company's methods, and added that when the P. E. wants to get a line or spur in by stealth it never has

any trouble in finding plenty of workmen.

The application was refused by unanimous vote of the trustees. Mr. Hill then addressed the trustees, regretting the antagonistic sentiments expressed, and giving assurances of the friendliest feeling toward Santa Ana on the part of the P. E. officials. He said there was no intention to do anything to injure Santa Ana and hoped there would be a more friendly feeling. He said it was hoped to make this line the through one to San Diego. Surveyors are already at work on proposed extensions in this section, going to Tustin and further. He recalled that there is some question of the legal right of the P. E. to operate on Fourth street and that it might be doubtful now if the company would ask for a franchise with the trustees in their present temper.

President Ey Replies

President Ey informed Mr. Hill that the people of this section had to pay for the right-of-way for the Santa Ana line, and then he recited some history of promises made by H. E. Huntington and others that have not as yet been kept, particularly the pledge of a handsome depot here.

Mr. McPhee emphasized the statement that the people are not pleased with the P. E. and simply because there has not been good faith maintained by the company, after the here had made good on their end.

Contractor A. C. Black was in the audience and he added his voice to the enlightenment of Agent Hill.

Mr. Grubb added a shot, assuring the agent that the people here haven't very much confidence in promises made by P. E. officials.

"We've been your friends and we never got anything for it," was the parting shot of Mr. Black.

For Electric Signs

Permits for electric signs were granted to Robertson & Packard at their Saddle Rock restaurant, at 305 North Sycamore street; Alexandria billiard parlor at 409 North Main, the Electric Products corporation making the applications.

First Street Paving

A proposition for the asphalt paving of First street from Main to the Santa Fe tracks, was received from the El Oso Asphalt Company of Los Angeles, the work to be done by private contract at 10 cents per square foot, the city to pay for the street intersections. This proposition has already been signed by a majority of the property owners, including the Brethren church and the board of education. The total frontage signed for is 4431 feet, being 64 per cent of the total.

Attorney Tarver, as a property owner, advocated the improvement.

McPhee favored the improvement but added that "it is a bald fact that

the city hasn't got the money at this time to pay for the intersections. We have not only gone to the end of the string but we have gone a little farther. I cannot conscientiously vote to assume a responsibility that we cannot meet." As much as he regretted it he said he was in duty bound to vote against the proposition.

It developed that the petition for such improvement had been granted, as shown by Mr. Forgy, and all that was asked was the trustees' approval of the contract. He advocated the formation of a district to raise the money to pay for the intersections if the city cannot do so.

Mr. Young recalled that in other sections of the city the property owners were compelled to pay for the intersection work. Mr. Grubb confessed that he had been a victim in similar cases. The motion to approve the contract did not meet with a second and the proposition was left without any action being taken. Mr. Huberman followed with an appeal for the work to go ahead, but no action was taken.

East Fourth Paving

A map showing the streets on the proposed paving of East Fourth street from the Santa Fe tracks to Maybury street was filed by the city engineer, who said it would cost 13 cents per foot. There are about 3500 feet in the proposed improvement, and would cost the city about \$4500 for intersections. The resolution ordering the work had been referred to the city attorney several weeks ago and last night it was read for the second time. This work is planned to be improved at least as substantially as the state highway with which it is to connect.

There was a general discussion as to what method might be pursued for the city to help both First and Fourth streets. McPhee said a heavy property owner had offered to lend the city sufficient money if it could be done legally. City Attorney Heathman said the city could not borrow money in such a manner. President Ey suggested that the intersection cost could be paid for as the city gets the money. The trustees finally decided to postpone all action for the present, while the city is without funds to pay for intersections.

Miscellaneous Matters

J. F. Kinley's application for the removal of trees on Stafford street was referred to the street committee.

A petition for an alley from the south end of Poinsettia to Washington, was granted.

Mr. Alderman's motion to compel all property owners to put in sidewalks and curbs where they have been ordered, and the city attorney was instructed to proceed.

A petition for sidewalks on Evergreen between First and Walnut was denied because some of the signers

Send your hard-to-suit typist here

Any demand that your work or your typist can possibly make, in any ordinary or exceptional requirement of typewriting, is covered by our three machines

(Incorporated)
637 South Olive St.
Los Angeles, Cal.

were not property owners. The health officer was instructed to compel property owners on West Pine street to have their property connected with the sewer.

The tamale stand on Sycamore street near the postoffice, McPhee declared to be a nuisance as it is, and which he said would be remedied by removal across the street. The city marshal was instructed to attend to the removal.

McPhee also advocated the adoption of a regular schedule of rates for auto hire and to regulate charges. Messrs. Greenleaf and McPhee were appointed to report a schedule.

City Engineer Finley was granted a leave of absence for thirty days from March 1.

Our Spring Opening
We hope to soon be in a position to announce the date of our Spring opening, when we will show the newest things in ladies' suits, coats and other ready-to-wear garments.

HUGGER RUNNING WILDLY ABOUT ANAHEIM

Members of the Bachelor Girls
Club Selected Victims of
Mysterious Man

ANAHEIM, Feb. 18.—"Jack the hugger" seems to be at large in this city. As three members of the Bachelor Girls' Club were returning to their homes in the northeastern part of Anaheim last evening they were followed by some unknown man. When they reached the point where the young ladies turned off from the main street, the person who had been shadowing them ran up behind the trio and threw his arms around Miss Ella Heitschman. At this moment the girls screamed and the fellow released the tight embrace and fled. Miss Heitschman was accompanied by her sister, Miss Ada Heitschman, and Miss Paula Hammitzer. No trace of the offender has been yet discovered.

Berel Northland, salesman for the Colby Car Company, which has offices in this city and also in Los Angeles, was arrested for exceeding the speed limit when driving one of the company's new cars. Instead of handing over the usual \$10 fine, the distinguished chauffeur asked for a jury trial and pleaded "not guilty."

The outcome of the trial is that Northland was exceeding the speed limit of this city and fined \$50 or a jail sentence.

Through the medium of the local Board of Trade, the city trustees have decided to expend \$200 in advertising this city and immediate section. The action was taken upon recommendation of J. W. Duckworth and U. V. Simpson, representing the Anaheim Board of Trade. They stated that the board's stock of advertising matter is entirely exhausted and that at present no funds were available with which to replenish it. There is a strong demand for information from this section, as inquiries are coming in daily for such literature. The board will use the funds for pamphlet or folder advertising.

Anaheim Masonic Lodge installed new officers and enjoyed a social hour and banquet with many visiting members from outside cities. E. B. Trago of Santa Ana, inspector of the sixty-second district, acted as installing officer. A pleasant feature during the evening's program was the presentation to Joseph Helmsen of a diamond watch chain in recognition of his nineteen years' continuous service as secretary of the pioneer lodge.

"Our Personal Guarantee to all Skin Sufferers" (WINGOOD'S DRUG STORE)

We have been in business in this town for some time, and we are looking to build up trade by always advising our patrons right.

So when we tell you that we have found the eczema remedy and that we stand back of it with the manufacturer's iron clad guarantee, backed by ourselves, you can depend upon it that we give our advice not in order to sell a few bottles of medicine to skin sufferers, but because we know how it will help our business if we help our patrons.

We keep in stock and sell, all the well known skin remedies. But we will say this: If you are suffering from any kind of skin trouble, eczema, psoriasis, rash or better, we want you to try a full size bottle of E. D. D. Prescription. And, if it does not do the work, this

bottle will cost you nothing. You alone to judge.

Again and again we have seen how a few drops of this simple wash applied to the skin, takes away the itch, instantly. And the cures all seem to be permanent.

D. D. D. Prescription made by the D. D. D. Laboratories of Chicago, is composed of thymol, glycerine, oil of wintergreen and other healing, soothing, cooling ingredients. And if you are just crazy with itch, you will feel cooled and cooled, the itch absolutely washed away the moment you applied this D. D. D.

We have made fast friends of more than one family by recommending this remedy to a skin sufferer here and there and we want you to try it now on our positive money guarantee.

Wingood's Drug Store, 310 E. 4th St.

VERY IMPORTANT EDUCATIONAL WORK ALONG POLITICAL LINES

LOS ANGELES, Feb. 18.—No political organization in California has ever undertaken an educational work so important in its bearings and so comprehensive in detail as that which is now being done in the Progressive County Central Committee of Los Angeles County. A plan of study and investigation has been adopted and will be worked out systematically, to the end that the principles of the Progressive movement may not only be brought to earlier fruition, but also that they may be given the most practical application to the affairs of the state and its people.

This plan, which was suggested by Will H. Fischer, editor of the California Outlook, and adopted by the executive committee of the organization at a recent meeting, involves permanent work in eight sections. Membership in these sections is to be open to Progressives who desire to co-operate with the organization and also to perfect their knowledge of public issues and measures.

The first of these sections has to do with the finances of the organization. It is headed by F. E. Woodley as chairman, and will co-operate with the Progressive fund.

The next four sections are formed especially for the purpose of studying proposed legislation and suggesting desirable changes in the statutes. The election law section, of which Louis W. Myers is chairman, is composed of Progressive lawyers and other Progressives interested in all that bears upon election laws. Such subjects as the primary, second choice voting, proportional representation, the short ballot, registration and election reforms will be studied, carefully and in detail. At the present time this section is conferring

with legislators relative to election law measures now before the legislature.

The next section, which is one of the most important, has to do with measures relative to social justice. Careful investigation is being given to laws on public morals, domestic relations, pensions of all kinds, charities and corrections, prison reforms, reformatories, state hospitals, juvenile courts, care of orphan and aged and similar measures. This section, offers a wide field for profitable and interesting study, and is making a strong appeal to Progressives in general.

The industrial justice section, under the chairmanship of Mrs. Charles Farwell Edison, is taking up actively the policies laid down in the Progressive national and state platforms with respect to industrial relations, employer and employee minimum wage, hours of labor, working conditions, etc. At the present time a special study is being made of the subject of injunctions, while a sub-committee of the section has devoted itself to a study of accident compensation and industrial insurance. Rapid headway is being made, and the section promises to be one of unusual value.

Another section is devoted to economics. M. Lissner has taken the chairmanship of this division of the organization. All matters of financial legislation will be considered, such as revenue and taxation, appropriations, tariffs, trade relations and general economic policies, state and national.

The remaining three sections have to do principally with matters of organization and the spreading of the Progressive gospel among the people. The propaganda sections, of which Will H. Fischer is chairman, will have charge of publicity, organize a reference bureau, take charge of all banquets, dinners, etc., and will organize and direct a speaker's bureau, the purpose of which will be to develop and train campaign orators, so that Progressive principles may have a proper, uniform and logical presentation from the rostrum.

Another section, of which A. G. Kuck is chairman, will make a careful study of organization methods, while still another named in honor of Jane Addams, will have charge of all musical and like features.

In order that work might be commenced promptly during the legislative interim, the sections were organized from the membership of the executive and campaign committees. It has now been extended to the full membership of the county committee, and will soon be made to include all Progressives who desire to participate in the work. The general purpose is to make the Progressive organization effective in accomplishing real results for the people, to pursue investigations, to counsel with legislators and to promote in every legitimate way the interests of the Progressive movement. The section work is to be continued permanently, and should prove a tremendous influence for the advancement of education and the further advocacy of Progressive principles.

Each section will from time to time hold public hearings on public questions which happen to be under consideration, and at such hearings all persons interested will be given opportunity to appear and state their arguments, irrespective of party. The Progressive organization does not pretend to proceed on the old-fashioned basis of party prejudice, but will be receptive to advice from any source and will co-operate with all earnest workers for the advancement of the rights, interests and welfare of the people.

The adoption of this plan of operation has engendered much enthusiasm, and it is to be offered to Progressive organizations throughout the state, for adoption in such form as may meet local requirements.

FULLERTON AND ANAHEIM IN A TIE

Exciting Athletic Contests at
Anaheim Between the High
School Teams

ANAHEIM, Feb. 17.—Fullerton and Anaheim high schools' track teams fought to a tie Saturday afternoon. The final score was 61 to 61. The meet was up and down from the start when Anaheim took the lead. It was not long until Fullerton was on top, and then the order was again reversed. Until the relay race Anaheim was five points in the lead, but by winning the final event Fullerton succeeded in tying the score.

The order of events was the same as will be run in the county meet at Santa Ana on March 8. In the 50-yard dash Harold Douglas, of Anaheim, took first in 5.3 seconds. Fullerton captured second and third places.

Douglas also took the 440-yard run in 57 seconds flat; Edwin Miner, Anaheim, second; G. Sawyer, Fullerton, third.

In the high jump, Fuller, of Fullerton, took first at 5 feet 1 inch; Howard Krause, Anaheim, second; and Schultz, Fullerton, third.

On account of a lack of hurdles, the 110-yard hurdle race was cut down to 60 yards. Morris Martenet of Anaheim took first; J. Sawyer, Fullerton, second; and Earl Spencer, Anaheim, third.

In the 100-yard dash Eugene King from Fullerton took first; Harold Douglas, Anaheim, second; J. Sawyer, Fullerton, third. Time, 19.45 seconds.

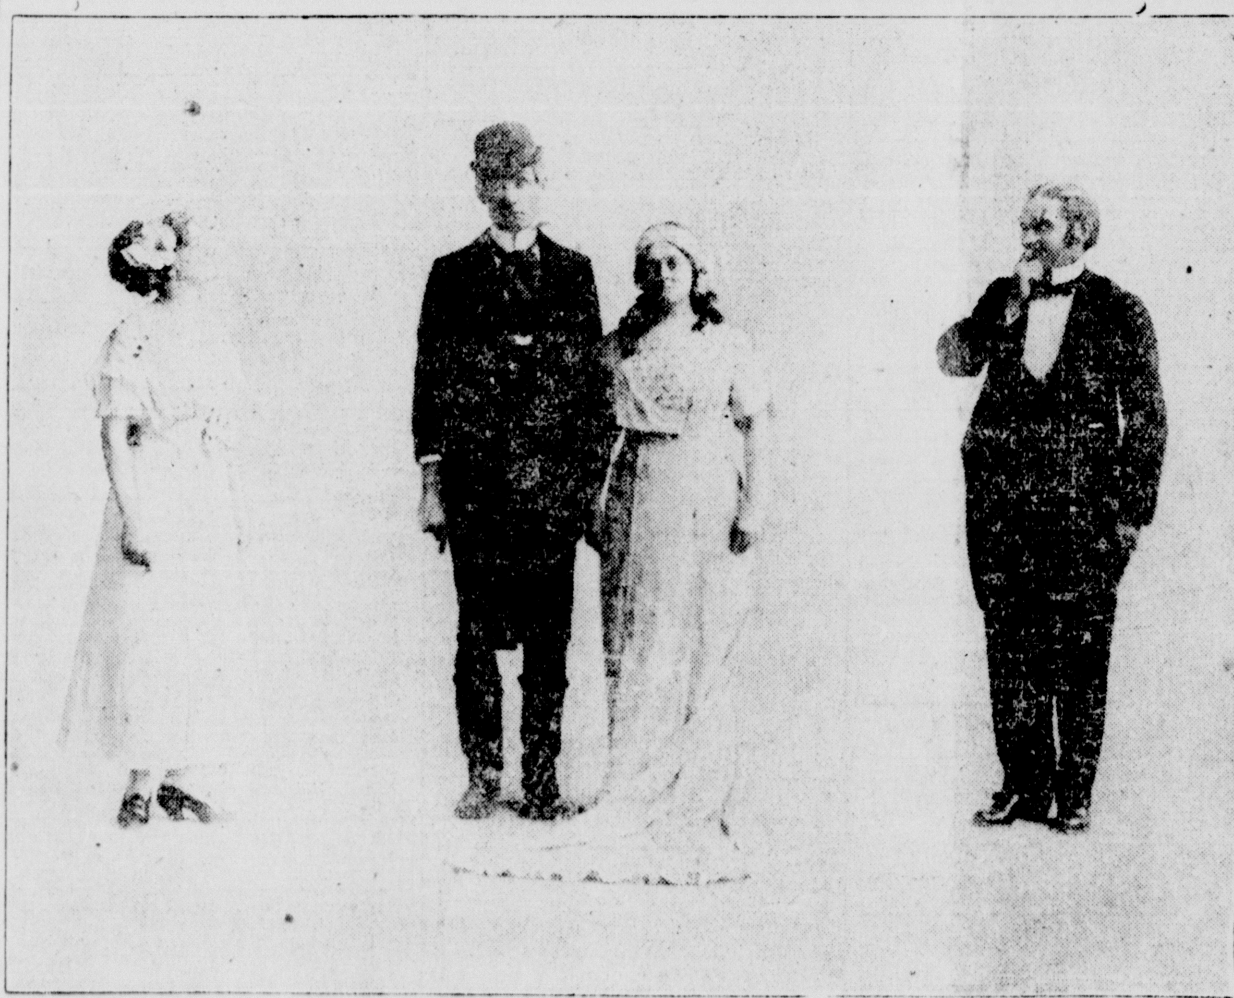

The shot-put was next. Emory of Fullerton took first; Ray Elliott, Anaheim, second; and Starbuck, Fullerton, third. Distance, 38 feet.

The mile run was a glorious victory for Anaheim. Clarence Beebe, George Kemp and Fred Backs taking all three places. The time, 5 minutes and 3 seconds, was slow for Beebe, but this may be accounted for by the fact that he was not pushed at any time, and the heat of the day was oppressive.

Ray Elliott of Anaheim took first in the discus throw with a heave of 97 feet 3 1/2 inches. Emory and Clayton of Fullerton took second and third, respectively.

The 220-yard dash was won by Eugene King of Fullerton. Douglas of Anaheim was second, and Fuller of Fullerton, third. Time, 24 seconds flat.

In the pole vault, Hale and Gobar of Fullerton took first and second. Martenet of Anaheim was third.

Merriest Mirth-Makers Mingle 'Mid "Missouri Girl's" Modern Maids

In "Naughty Marietta" Victor Herbert has invested a comic opera of a very old school with rare musical charm, and every principal in the company seems to fit with wonderful perfection into the role assigned to him or her, especially "her." Florence Webber, though of great stellar brightness in this production is by no means a lone star. Laura Baer, a young woman with a true contralto voice of richest "cello" tone, is provided by the composer of "Naughty Marietta" score with the opportunities which she deserves, and Blanche

Latea invests the potentially uncomely personality that makes it irresistibly funny. As Silas Slick, Sid Braham, while keeping closely to the traditions of the stock buffo role in old time comic opera, vitalizes the part and sets the audience screaming with laughter again and again.

Marietta, herself, or Florence Webber herself, however, outshines all the rest. She has a sweet voice of wonderfully pure tone and the best light opera quality. This, combined with dainty, dimping, native humor

and a face and manner which radiate glee throughout the two long acts through which she twinkles almost constantly, provide a source of rare pleasure to all.

The piece is costumed with the same consideration for general effect that marks the selection of the cast, and the changing color scheme completes the impression of excellence which is given at every stage of the opera.

"Naughty Marietta" will appear at the Grand Opera House, Thursday, Feb. 20.

Height, 8.9 feet.

J. Sawyer took the low hurdles for Fullerton. Ashleigh Chamberlain took second for Anaheim, and Clayton, third, for Fullerton.

Gene King also captured the broad jump with a lunge of 19 feet, 4 inches. Harold Douglas crowded him for first, jumping 19 feet. Ray Elliott was third at 18 feet, 6 inches.

Clarence Beebe and George Kemp ran away with the half mile run for Anaheim. Dave Gobar and Fred Backs fought for third and finished almost a dead heat. Gobar, however, won by inches.

At this juncture the excitement

was intense. Anaheim was five points in the lead, with the relay, the last event of the day, to be run. The first three runners for Anaheim gave Douglas, the last runner, a good lead, but Gene King saved the day for Fullerton by making up the loss and winning the race.

The meet was conducted with the best spirit prevailing. Neither side was guilty of any fouls, or crabbing of any sort. The intense heat made good time impossible, especially in the track events.

Both teams were well satisfied with the showing made, and from now on will work to strengthen the weak

points.

\$80 an ACRE

For Land Cleared and Ditched including
FREE PRO RATA OWNERSHIP
in Water Rights Canal & Irrigation System

WHY PAY MORE

And Get Less.

You can't buy land for \$1000 an acre any better than the land we are selling for only \$80 an acre all cleared and ditched ready for cultivation—\$90 an acre for land with the crop now growing on it—and remember that these prices include free pro rata ownership in all the water rights, canal and irrigation system now in operation.

We are NOT charging people \$1 an acre to "LOCATE" them on raw brush desert land way out in the wilderness where no water is available. We are selling land right on the railroad near Phoenix, Arizona, where great big heads of over a thousand inches of water irrigate our beautiful green fields for over half a mile without a check. We are selling land that you can move on to right now and go to making money, and when we sell you land you get your money's worth. We are the pioneer sellers of bona fide irrigated Arizona lands and do not wish to be confused with the irresponsible "locators" who are trading on our reputation and are locating unsuspecting people ignorant of Arizona conditions on land where water is not available.

All we ask is an opportunity to take you on one of our cheap excursions and let you see for yourself. Take advantage of our trustee's sale to secure land at about half its real value. Call at our offices or write for illustrated booklets.
